Promoting the arts

The Hoover Arts Alliance serves the City of Hoover through the promotion of arts and community artists. The Alliance informs the community about upcoming art shows, art events and gallery exhibits. In addition, the Alliance publishes a directory of local artists, galleries and merchants who promote and sell local art. Another initiative of the Hoover Arts Alliance is a scholarship program that encourages local students to pursue the arts. With the support of Signature Homes, the Alliance awards two \$1,000 scholarships annually to one student each from Hoover and Spain Park High Schools.
